- More on diversity; OFCCP panel session for Q&A or with set topics; structured networking opportunity.
- How to determine SSEGs (best practices); how to determine min qualifications for a position.
- Good stuff but hands-on spreadsheet was overwhelming and did not apply.

### **Other comments?**

- Thanks so much!
- I know we don't want to kill a bunch of trees printing the PPTs but it would be easier to take notes if we had them while the information was being presented.
- Many PowerPoint slides were too small with too much writing to see.
- It was very difficult to see slides on both days. Slides should be provided for all presentations so participants can follow along.
